LETTER OF TRANSMITTAL

Honorable Olin E. Teague
2311 Rayburn HOB
Washington, D.C. 20515

Dear Mr. Chairman:

The following report listing reviewers solicited by the National Science Foundation in Fiscal Year 1974 was prepared for the Committee on Science and Technology by the Foundation. It was submitted by the Foundation in connection with the peer review hearings held during July 1975 by the Subcommittee on Science, Research and Technology. The Foundation reports that 90% of those solicited provided reviews as requested.

This report makes public for the first time names of reviewers used by the Foundation. Under policies established by the National Science Board in June 1975, lists of reviewers used by the Foundation will be published annually by the Foundation in future years.

Sincerely,

JAMES W. SYMINGTON, Chairman
Subcommittee on Science,
Research and Technology
